NOTES

SEMI RIGID - Insul-SHIELD® - Unfaced:

(M) Made to order. These items are not stocked and require 4-6 week lead-time. The minimum order number quantity is one package.

SEMI RIGID - Insul-SHIELD® - Black & Faced

(M) Made to order. Board is made by gluing 2 pieces together to achieve the desired thickness, i.e., 2" glued to 2" = 4" thickness. The minimum order quantity is one package and requires a 4-6 week lead time.

NOTICE

Any product not shown on this availability sheet is a non-standard product and is subject to a \$500 set-up charge, minimum order quantities, special pricing, and extended lead times. The customer is responsible for taking over-runs of up to +5%.

IMPORTANT! Please contact your Johns Manville Building Insulation Representative for exact pricing and availability.

SHIPPING POLICY AND LOADING DATA

Building Insulation Division, a division of Johns Manville International, Inc., reserves the right to ship only in full cars, trailers and trucks. Vehicle sizes may vary. Specify an adjustable item on all orders to allow plants to ship full visible capacity loads. Deficit freight may be charged for products shipped outside of the JM Plant normal service area.

LOADING DATA CALCULATIONS

To compute mixed load quantities multiply the number of bags of each item by the appropriate load factors for the type of product ordered. This will give you the percentage of truckload for each item ordered. A full truckload should equal 100%. Product and loading information is subject to change without notice. For current information please contact your local sales representative or your customer advocate.
